Client Testimonials

“ They are very professional, fair priced, and always check first and quote for any exceptional works that need doing. ”
Victoria Infants School

“ All work is always completed on time and to the highest standard. ”
Barrow Borough Council

“ I just want to express my appreciation for a job well done. Your crew did an outstanding job removing the dead oak. My neighbour was so impressed by your team's expertise that he will be contacting you for some tree work needed by his family. Greaves Tree Services will be the only company that we will be recommending to friends and family. Thank you and your crew very much for your help. ”
Ray Jones

“ Thank you for organising the tree work, Ryan and the rest of the staff are a credit to themselves and your company. We will be in touch for your services again in summer. Many thanks. ”

VICTORIA INFANT'S SCHOOL

We were recommended Greaves by a friend and after quoting they carried out a tree survey and all the necessary recommendations. I was impressed with their work and asked them to quote for all our grounds maintenance including grass, shrubs, trees and hedges and spraying and line painting. We have had no regrets choosing Greaves as our maintenance team.

They offer the full range of works so we don't have to keep getting different firms in, they even store the goalposts over winter! They have transformed our outdoor learning area and know to leave some grass long near the pond in the summer etc. for wildlife. They are very approachable and I would not hesitate to recommend them to other schools who have a maintenance contract up for review.

They are very professional, fair priced, and always check first and quote for any exceptional works that need doing.
